

About CTC Union

CTC Union Technologies Co. Ltd., founded in 1993, proactively designs and manufactures telecommunications, data communications and industrial networking products for a global market. With technologies based on Ethernet and Optical transmission, CTC Union can effectively meet the requirements of voice and data carriers, enterprises, as well as industrial grade Ethernet users.

Using the latest technologies, CTC Union has stormed into the "Industrial Ethernet" marketplace with a wide range of rugged Ethernet products for public utilities, transportation and power substation deployment. With a heavy focus on reliability, certifications and new standards, this proactive thinking will allow CTC Union to continue developing solutions for today and tomorrow's industrial markets.

CTC Union's global alliance is a network of worldwide branch offices, partners and distributors on every continent. By forming partnerships with major telecom operators, Internet Service providers, and value-added resellers, CTC Union reduces costs and improves services for customers. This alliance covers Europe, Asia, the Middle East, Africa, plus North and South America. This global partnership receives direct engineering and technical support from our company headquarters, located in Taipei, Taiwan.

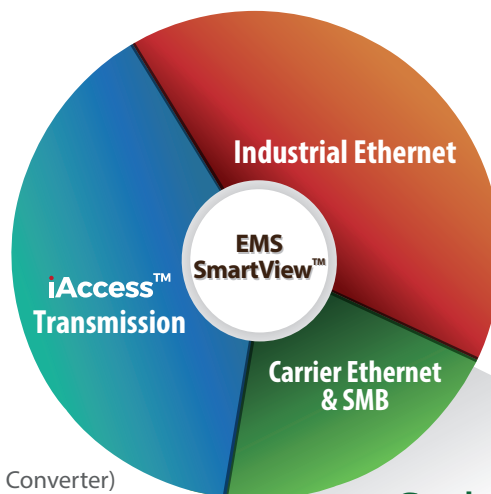

Product Categories

Management Software

- EMS SmartView™ & Central EMS
- SmartConfig™

iAccess™ Transmission

- Transponder (40G/16/10G)
- WDM (Mux/DeMUX, OADM, EDFA, Protection)
- Ethernet Access (EDD/NID/10G Switch)
- SCADA/Voice (Serial, Contact Closure Fiber, POTS Converter)
- TDM (Multiplexer, E1/T1/DS3 Modems, V35/X21/RS530)
- VDSL2 DSLAM
- LAN Extender

Industrial Ethernet

- 10G Core Switch
- PoE Switch
- SyncE Switch
- EN 50155 Switch
- IEC 61850-3 Switch
- 4G LTE Router/Gateway
- FieldBus to Fiber Converter

Carrier Ethernet & SMB

- Carrier Ethernet Switch
- SMB Ethernet Switch
- NID / EDD
- FTTH CPE Switch
- PoE Switch

Our Advantages

Core Technologies

In-House hardware, software and mechanical design

- In-band Management
- 10G Ethernet
- Rugged Design
- OAM
- EMS
- Multi-Service Platform
- Non-stop H/W Design
- TDM

Customer Support

Professional pre/post sales technical support, 24/7 e-platform services

Quality Assurance

ISO 9001, ISO-14001, CE, FCC and UL

Green Care

WEEE and RoHS 2.0 Manufacturing Compliance

Sustainable Business

Continuously creating value added products

Green Care

As a socially responsible manufacturer, CTC Union is concerned with the environment and has taken active measures to reduce carbon emissions and eliminate hazardous materials in their products. None of CTC Union products use chlorofluorocarbons (CFC) in their production process and since 2007 all electronics use non-lead soldering according to RoHS and WEEE directives.

Our Core Values

Value

- Building Trust with our Customers
- Customer-Oriented
- Commitment & Accountability
- Quality
- Innovation

Integrity

- we still ensure honesty and fairness in all our actions, we will always do the right thing.

Mission

- Provides innovative last-mile access solutions in telecommunication / industrial markets
- Provides customers with "on time" solutions, quick and effective customer support, and valuable products with extended service life.

Vision

- To be a trusted in providing creative connectivity products and solutions
- To be a leading communication transmission solution provider meets our customer's needs

ISO 9001
ISO 14001
