

Seemingly unrelated worlds will link to each other somehow.
Join us and have new experiences along with
international students at HSI this summer.

Hokkaido Summer Institute (HSI), one of the largest summer schools in Japan, is a program that brings together world-leading researchers with proven educational and research records, and provides educational courses in cooperation with the Hokkaido University (HU) faculty members. In 2022, more than 160 researchers from all over the world will gather at HU.

HSI also allows its participants to expand their knowledge of subjects in world-class research fields of HU which used to be open only to HU students. Program participants have an opportunity to attend classes by attractive educational techniques such as field training using Hokkaido's extensive land, and active learning to develop human resources capable of thriving on the world stage.

The medium of instruction at HSI is English. This provides international students with a stress-free learning environment without having to worry about language barriers, and also creates a special opportunity for Japanese students, who can participate in classes taught by internationally acclaimed researchers.

HU has high expectations that the HSI students cultivate a better understanding of other cultures and improve communication skills through exchanges with researchers and students from other countries. Off-campus events are also planned to let the participants enjoy Hokkaido's beautiful summer.

Summer School at HOKKAIDO UNIVERSITY HOKKAIDO SUMMER INSTITUTE 2022

Hokkaido, Japan
June–October

Study at HSI,
one of the largest
summer schools
in JAPAN.

This summer,

Join HSI and meet our international community!

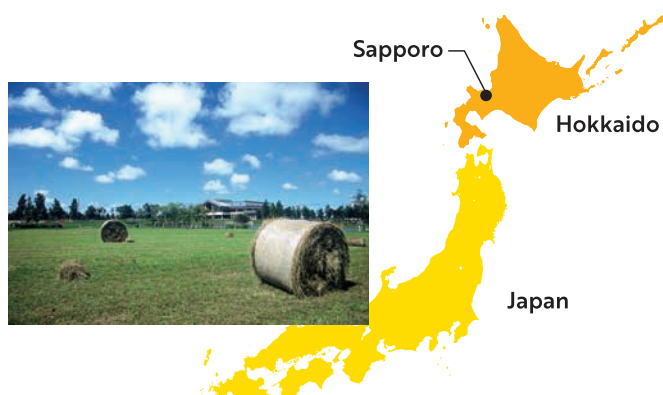

Hokkaido University

Founded in 1876, Hokkaido University is one of the oldest, largest, and most prestigious universities in Japan.

The university has 12 undergraduate schools and 21 graduate schools, covering almost all area of the humanities and social and natural sciences. Furthermore, we are one of the leading institutions for research activities in Japan and worldwide. We offer a comprehensive educational experience, world-class research facilities, and all the attractions of living in the cosmopolitan city of Sapporo. Our campus is located in a breath-takingly beautiful setting. Green spaces are spread throughout the campus, offering warm and welcoming atmosphere.

Sapporo and Hokkaido

Sapporo is the 5th most populated city in Japan with a population of 1.9 million. Even though it is a big city, Sapporo is surrounded by a beautiful natural environment that makes one forget that you are in an urban setting. Sapporo strength is not only its beauty, but also its safety, delicious and fresh foods, and its comfortable climate. During the Hokkaido Summer Institute program, numerous cultural events will be held—such as the YOSAKOI Soran Dance Festival, the Annual Hokkaido Shrine Festival, and Pacific Music Festival—and we know that participants will make the most of their time with us at HU; and of course, they can enjoy stunning views of nature by traveling a short distance to our surrounding towns to get a complete Hokkaido experience.

Overseas Lecturers will join from:

Asia
China Institute of Chemistry Co. Ltd Henan Academy of Sciences, Nanjing University, The Hong Kong University of Science and Technology
India Indian Institute of Technology Hyderabad, Tata Institute of Fundamental Research
Korea Gachon University, Seoul National University, Yonsei University
Malaysia University of Malaya
Philippines Philippine Space Agency (PhiSA)
Singapore Duke-NUS Medical School, National University of Singapore
Taiwan National Chiao Tung University, National Taiwan University
Thailand Chiang Mai University, Chulalongkorn University, Vidyasirimedhi Institute of Science and Technology

Oceania
Australia Australian National University, James Cook University, The University of Queensland, University of Melbourne

And other institutions (as of November 2021)

Courses

On-Campus course (Face-to-face) 170 courses
eHSI course (Online) 99 courses
Recurrent Education course (HSI for Adults) 3 courses

The courses offered at HSI 2022 are in accordance with the 17 Sustainable Development Goals (SDGs).

Pickup courses

On-Campus course (Face-to-face)
 International Archaeological Field School in Rebun Island (for Undergraduate student) (1)/(2) **Level Undergraduate**

On-Campus course (Face-to-face) / eHSI course (Online)
 Introduction to Ainu and Indigenous Studies I: Indigenous Heritage, Repatriation and Intellectual Property Issues (1)/(2) **Level Graduate**

On-Campus course (Face-to-face) / eHSI course (Online)
 Special Lecture on Antarctic Science II (1)/(2) **Level Graduate**

On-Campus course (Face-to-face)
 Fundamentals in Scientific Writing **Level Graduate**

On-Campus course (Face-to-face) / eHSI course (Online)
 Introduction to the International SDGs **Level Undergraduate**

Please check the HSI website for details and more course information.

Program Outline

HSI 2022 will offer over 270 courses ranging from bachelor to Ph.D level during the summer (June-October) 2022. Many of the courses are 1 week-2 weeks in length. You can combine courses according to your major and interests.

*If you cannot come to Japan due to the COVID-19-related travel restrictions, you may be able to take classes online. Please check the website for courses offered online.

Eligibility

- Degree-program students at universities [Currently enrolled students]
- High school graduates / University graduates [Non-students]

Credit

1 credit will be awarded upon completion of each course.

Fees

Tuition fee : 14,800 JPY per credit

Notes :

- Tuition fee will be waived for students from HU's partner institutions under certain conditions.
- Application Fee (9,800 JPY) and Entrance Fee (28,200 JPY) will be charged to Non-students applicants.

Online Application Periods

1st application
March 7th—16th, 2022 (All courses)
2nd application
June 1st—7th, 2022
 (Courses offered in the latter half of the program)

For application guidelines and more details, visit our website.

Accommodation

Overseas applicants can apply for HU student dormitory during the 1st application in March.

Participants'Voices (as received)

I love Hokkaido! Really enjoyed the time studying here. This program helps me to build relation with other students from different nationality, learn many things and experience good activities.

Great!!! It's my best summer! I really enjoyed my stay here, and I would recommend this HSI program to everyone!

It's really nice experience during the HSI. I found a newer and bigger world! Thanks for the wonderful opportunity.
